Dear Brittany & Barry

I am writing to invite you on a tour of Lakes Creek State School on behalf of the P&C association on Wednesday 9<sup>th</sup> October 2019 at 4pm.

The P&C in conjunction with the School is currently renewing its vision and strategy for the future due to Lachlan Moore's successful appointment to the Principal's position late last year and my recent engagement as the P&C President.

We are inviting both of you, due to the location of the school bordering the Rockhampton/Keppel boundary and our participation within our cluster schools which feed into North Rockhampton State High School.

Can you please let me know at your earliest opportunity if you will be available to attend this meeting?

Kind Regards

Noni Ryan

**Subject:** Future of Education Discussion with EY and Dinner with EY, Minister Grace and Parliamentarians  
**Location:** Parliament House, then dinner at Level 51, 111 Eagle Street, Brisbane  
**Start:** Wed 16/10/2019 7:15 PM  
**End:** Wed 16/10/2019 10:00 PM  
**Recurrence:** (none)  
**Meeting Status:** Accepted  
**Organizer:** John Kimlin

Greetings from EY and thanks to Minister Grace, Andrew Fraser and Sharon Durham for assisting in getting this event in place.

Following on from a successful, similar event last year around the Future of Work, this year we thought that we should provide a forum for policy discussion about the Future of Education. More specifically - how school based education is placed to deliver the learning for tomorrow is one of the most important topics facing the community and governments.

EY respectfully invites you to join us at EY, Level 51, 111 Eagle Street to hear from our experts in the area of future education. We will be bringing in leaders from our firm nationally to this event. At the conclusion of the discussions and the day's sitting, you and your colleagues are invited to Level 51 at EY for dinner and to continue the policy discussion as our guests.

With so many pressures on schedules, this event is aimed at creating the time for facilitating policy discussion.

The run sheet for the evening will be –

7.15pm – Meet at EY for pre-dinner drinks. As building will be locked, please meet John Kimlin at the base of 111 Eagle Street and he will accompany you to Level 51. John's mobile is [s.47\(3\)\(b\) - Co](#)  
7.30pm – Evening commences with a roundtable discussion on how school based education is placed to deliver the learning for tomorrow. Andrew Fraser will open the evening with introductions and opening comments.  
8.00pm – Dinner service commences and discussion continues  
9.30pm – Event concludes

I'm sincerely looking forward to the occasion and to bringing the best of EY to you.

Kind Regards

Dear Barry and Brittany

I am keen to arrange some time to update you on the services Act for Kids will deliver in the Rockhampton region on behalf of the Queensland Government.

Our current operations in Rockhampton consists of 18 staff who support more than 200 local families.

You will be aware that Minister Di Farmer recently announced funding for two new Sexual Abuse Counselling Services for children in Gladstone and Rockhampton. Act for Kids will be the operator of both these new services.

By way of background, Act for Kids operates from 26 centres across Queensland, New South Wales, Victoria and South Australia, and we operate educational services in Western Australia. We offer prevention, treatment and education services to children and their families.

Financial year 2018/19, Act for Kids provided services to 46,084 children, parents and carers. Over the last six years, the number of people we've helped each financial year has grown by 339%.

Our services in Queensland include :

- Intensive Family Support: working with families to keep kids out of the child protection system
- Family and Child Connect: Early response program to connect families at risk of entering the child protection system with services that can support them
- Integrated Therapy: therapy for children which includes Psychology, Occupational Therapy and Speech Pathology

Our SafeKids program provides a safe environment for children, and works in partnership with Traditional Owners in the communities of Arukun, Cairns, Doomadgee, Kowanyama, Napranum and Pormpuraaw.

As indicated, the majority of the service funding comes from the Queensland Government.

Please let me know if you have some time to meet during a future Parliamentary sitting. Our CEO Dr Neil Carrington and I would be available to meet you at Parliament House, or alternatively you'd be more than welcome to visit our corporate office in Milton (just off Coronation Drive).

Kind regards,

Stephen Beckett

To answer Brittany's questions -

- The local member for Northern Beaches SHS is the Member for Hinchinbrook. Mr Dametto has not been invited to attend the site visit as he will instead be invited by the Principal to the official opening once the building is approved to be opened. We have been advised that the building's construction is completed but a number of fixtures and minor works on the project are still being finalised, so the visit on Monday won't be the official opening as such ( this will be held early next year).
- Brittany's visit will be an inspection of the new facilities with the school's Principal, who has said she is very excited to welcome Brittany to the school.
- The 2020 Ready project includes a new secondary learning centre, 5 classrooms, two flexible learning areas and a robotics lab
- Brittany's speech and a briefing note for the STEAM event are currently being prepared by the department. The function profile is completed and attached for you.
- Local Townsville MPs have been invited to attend, I believe a number have sent their apologies.
- Scott Stewart was invited to the site visit at Northern Beaches SHS and the STEAM forum but will be in Brisbane on Monday on committee business.

Thanks !  
Molly

## SPEECH

Good morning everyone - what an exciting event!

I'm delighted to be representing Queensland's Minister for Education, Grace Grace, who sends her apologies.

As Assistant Minister for Education, and as someone who hails from regional Queensland, I truly appreciate how important it is to be promoting STEAM education in the regions.

Congratulations to Townsville Enterprise Limited, in partnership with Questacon, for holding this important inaugural forum.

It will certainly enhance the understanding of contemporary STEAM education delivery models.

Promoting STEAM is a vital piece of the puzzle ensuring a bright future for northern Australia.

And it's true, that a focus on STEAM skills will help us unleash the full potential of Northern Queensland - and indeed northern Australia.

Being located close to many tropical and Asian countries with advanced technologies, coupled with the inherent ingenuity of Australian people, means opportunities in STEAM fields flourish.

To ensure we are well prepared to harness such opportunities well into the future, education is obviously key.

That's why the Palaszczuk Government has committed \$81.3 million to improve STEM education, through the *Advancing STEM in Queensland state primary schools* initiative 2018-2021.

This is part of our *Advancing education action plan* for education, designed to ensure students are well prepared to become the entrepreneurs, innovators and collaborators of tomorrow.

STEAM is a vital part of a balanced learning program, particularly in contemporary society.

The Department of Education also has a specific *Schools of the future* STEM strategy.

This strategy delivers a range of initiatives to build teacher capability, lift student achievement and increase student participation in science, technology, engineering and mathematics.

Queensland's Showcase Awards for Excellence in Schools, consistently demonstrates how Queensland schools are excelling at implementing our STEM strategy.

There are also other exciting things happening right across regional Queensland.

Thuringowa State High School, in partnership with James Cook University, for example, is working hard to strengthen outcomes for Indigenous students, socio-economically disadvantaged students and students from rural and remote areas, through the Queensland Virtual STEM Academies.

And it's fantastic that they are here today, presenting at the forum.

The STEM Girl Power Camp continues to bring female STEM students together from right across the state.

It helps them build their skills as STEM ambassadors in their regions, to nurture and encourage their STEM career aspirations.

Nearly 200 girls and 30 teachers have taken part in the initiative over the past four years.

We have also awarded 32 rural and remote STEM teaching scholarships worth \$15,000 each, to build teacher capability in STEM.

This demonstrates our commitment to ensuring that all students, no matter where they live, have access to teachers with STEM expertise.

Part of our \$81.3 million STEM education investment includes more than \$27 million for STEM curriculum and teacher professional development initiatives during 2019-20.

This represents a 67 per cent, or \$10 million, increase on last year's STEM investment.

The Queensland Government's #codingcounts plan for coding and robotics in Queensland state schools, is a key feature of our STEM education strategy.

Just last week the winners of the Premier's Coding Challenge were announced in Brisbane, with a range of fantastic application and programs being developed by students from grade 3-10

As well as critical and creative thinking and problem solving, digital technologies are a critical component.

More than 600 state schools have participated in the #qldtechschools initiative.

This brought primary and secondary school tech ambassadors together, to share ideas on how to integrate Design Technologies across the curriculum - including the Arts, Languages and Humanities and Social Sciences.

We also have a Robotics lending library for schools to access a fleet of Pepper and Nao humanoid robots.

Since 2018, more than 100 schools have borrowed a robot.

These opportunities allow students to engage with cutting-edge technology and hone their coding skills.

The Queensland Coding Academy also continues to support students and teachers across the state in Digital Technologies with more than 3250 educators currently enrolled.

## **Results**

The results we are seeing from our investment in STEM include increased Year 12 enrolments in science and maths subjects (up to 3.4 percent from 2015-2018).

In 2018, we also saw an improvement in student achievement in every year level from Prep to Year 6 in science and maths.

## **Industry partnerships**

In Queensland, the STEM Industry Partnerships Forum gives our educators opportunities to collaborate directly with more than 60 peak bodies and groups including Engineers Australia and Origin Foundation.

The 'Gateway to Industry Schools program' provides another example of STEM partnerships between schools and industry.

Some of these projects include:

- The Queensland Mineral and Energy Academy (QMEA), which is a partnership between the Queensland Government and the

This partnership provides a talent pipeline of work-ready employees into the resources sector and other supporting STEM industries.

- Another example is the manufacturing and engineering project, which involves Queensland secondary schools collaborating with local manufacturing and engineering enterprises, registered training organisations and universities.

Together, they are helping build Queensland's manufacturing and engineering workforce for the future.

These collaborations with industry are helping to develop a shared vision for STEM education in Queensland.

## Conclusions

In so many ways, we are helping Queensland students develop the skills they need, delivered by our vision of Schools of the Future.

And in so doing, we are unlocking the huge potential that there is for ongoing economic development across regional Queensland.

Employment in STEM, as you well know, is growing twice as fast as other occupations and higher rates of innovation will be required for businesses to stay competitive.

Our challenge is to ensure we prepare every young

Queenslander to take advantage of the many opportunities a knowledge-based economy offers.

And give them every chance to become the great entrepreneurs of tomorrow.

I'd like to thank each of you, and your organisations, for the interest they are taking in working alongside governments, to make this happen.

Thank you.

### FAST FACTS

#### School details:

**Principal:** Robin Spratt

**Total enrolments:** 850

**School motto:** Together everyone achieves more

**School Infrastructure Funding:** 5 year investment total: \$8,537,720.40

(GST inclusive)

**Project details:** Northern Beaches State High School 2020 Ready Secondary Learning Centre

**Total project Budget:** \$5.5 million (GST inclusive) and \$6.05 million (GST exclusive).

**Contractor:** TF Woollam and Sons

Contract was awarded on 20 December 2018 and the project is due to reach practical completion for the start of school 2020.

**Jobs supported:** This project is estimated to support up to 18 full-time jobs and 22 apprentices.

Released under RTI Act by DOE

**Project scope:**

This project will deliver a new learning centre, providing seven learning spaces including a Robotics Lab. In addition, there is a collaboration space, staff room, two Head of Department offices, stores and amenities.

The learning centre will predominantly be used for senior students in Years 11 and 12.

**2020 Ready funding**

This project has been delivered under the \$250 million 2020 Ready program, which addresses the enrolment growth in high schools created by the graduation of the 'half' cohort from the schooling system in 2019 and ongoing enrolment of six full cohorts from 2020.

Released under RTI Act by DOE

## TALKING POINTS

- It is great to be here today to inspect the progress on this magnificent new Secondary Learning Centre at Northern Beaches State High School.
- I am pleased to see that this impressive building will be complete within the next week — well in advance of Day 1, 2020.
- Here at Northern Beaches State High School, we have invested **\$6.05 million** under the *2020 Ready* program to provide facilities for your growing school community.
- This project will deliver **seven new classrooms** including five general learning areas, two flexible learning areas and a highly anticipated **Robotics Lab** — which we have no doubt will be popular amongst students.
- In addition there will be a new staff room, two Head of Department offices, amenities and plenty of storage.
- One of the most exciting features is the building's collaboration space, which has been designed to encourage group work, discussion and modern teaching techniques.
- Already, this building is living up to your community's vision of a "University inspired" learning space, and will no doubt prepare your senior students for the next step in their education journey.
- Even the entrance to this building is impressive, with a local Aboriginal artist designing an impactful and beautiful front gate.

- The front garden is also already reserved as the perfect place for students to fly drones and test robotics created inside the Robotics Lab.
- This project here has supported up to **18 full-time jobs** and **22 apprentices**.
- The Queensland Government is committed to ensuring high quality infrastructure is in place for all Queensland students.
- We've committed more than \$1.46 billion to build new state schools and refurbish, maintain and expand existing state schools right across Queensland.
- This investment is also helping to drive the Queensland economy by supporting an estimated **4800 full-time jobs** through the delivery of important infrastructure projects right across the state.
- The *2020 Ready* program has provided a \$250 million funding boost to deliver additional learning spaces for more than 60 state high schools around Queensland.
- These new classrooms will accommodate an extra 17,000 students expected in our high schools from next year.
- The original half-cohort of Prep students are set to graduate from school at the end of 2019.
- So, for the first time, we are set to have six full secondary year levels in our state high schools from next year.
- It's great to see an example here today of our significant infrastructure investment — and the impact that this can have on a school community.
- I know that these new facilities at Northern Beaches State High School will be used very productively by the school community for many years to come.
- Thank you Robin and staff for allowing me to have a sneak peek of what this building will look like for Day 1, 2020.

To answer Brittany's questions -

- The local member for Northern Beaches SHS is the Member for Hinchinbrook. Mr Dametto has not been invited to attend the site visit as he will instead be invited by the Principal to the official opening once the building is approved to be opened. We have been advised that the building's construction is completed but a number of fixtures and minor works on the project are still being finalised, so the visit on Monday won't be the official opening as such (this will be held early next year).
- Brittany's visit will be an inspection of the new facilities with the school's Principal, who has said she is very excited to welcome Brittany to the school.
- The 2020 Ready project includes a new secondary learning centre, 5 classrooms, two flexible learning areas and a robotics lab
- Brittany's speech and a briefing note for the STEAM event are currently being prepared by the department. The function profile is completed and attached for you.
- Local Townsville MPs have been invited to attend, I believe a number have sent their apologies.
- Scott Stewart was invited to the site visit at Northern Beaches SHS and the STEAM forum but will be in Brisbane on Monday on committee business.

Thanks !  
Molly

### Solar panels coming for Andergrove State School

Andergrove State School will soon receive 159 solar panels as part of the Palaszczuk Government's \$97 million Advancing Clean Energy Schools (ACES) program.

Assistant Education Minister, Brittany Lauga joined local MP Julieanne Gilbert at Andergrove today to inspect the installation of the panels.

Mackay MP Julieanne Gilbert said it was fantastic to see the ACES program rolling out across the state and particularly, in Mackay.

"It's great to be at Andergrove today where the school will not only receive solar panels, but a range of other energy saving measures such as hot water system timers, sensor lighting and replacing fluorescent lights with LED lights.

"With 159 panels to be installed at Andergrove State School, the Palaszczuk Government is delivering on its commitment to reduce the energy costs of our schools.

"Mackay State High has already had 270 panels installed as part of the ACES program – such great news for our local schools.

"This initiative is also good news for Mackay's local economy with the program expected to support 320 local jobs across the state over the lifetime of the program," Mrs Gilbert said."

Assistant Education Minister, Brittany Lauga, also confirmed all energy audits have now been completed for Phase 1 of the program, identifying how the first 212 schools across Queensland would benefit.

"This program is taking a tailored approach to identifying the best energy saving measures to suit local conditions.

"It will not only help reduce the energy costs at our schools but will also make a significant contribution towards our Government's target of 50 per cent renewable energy use by 2030.

"This outstanding initiative is showing Queensland state school students and their communities the Palaszczuk Government's strong commitment to a cleaner, greener energy future."

For more information on the ACES program, please visit [this link](#).

### Proposal for NKIEEC Scholarship Fund

The non-attendance of students from disadvantaged backgrounds during scheduled class visits to NKIEEC is a significant problem, 123 students in 2019.

Depleted class groups result in under-utilisation of resources, including transport, accommodation and staff. It is also a setback for the students concerned as they miss out on a significant learning, recreational and social experience and their disadvantage is reinforced.

It is proposed that a permanent fund be established which would provide scholarships to subsidise the attendance of up to 50 students per year. It is proposed that the subsidy would be \$120 per head, which is 38% of the normal weekly charge per student.

It is recommended that a perpetual NKIEEC Scholarship Fund be established through Queensland Community Foundation (<https://qcf.org.au/giving/create-a-named-sub-fund/>) and sufficient capital, possibly up to \$300,000, be raised and invested to provide the scholarships from the annual interest generated. Scholarships for disadvantaged students would be allocated by a committee comprising the Principal, a senior staff member and the P&C President.

It is envisaged that it would take a least 12 months to contact donors and raise the required capital. To do this, the Fund could be launched early in 2020 with the aim of providing the first scholarships in 2021. NKIEEC has already submitted an application for a grant of \$10,000 from Gladstone Port Corporation to provide scholarships in 2020. However, we should not rely on annual grants in future years.

The task would be made easier if a service club such as Lions, Rotary or Probus would agree to collaborate with the P&C to advertise the Fund and contact donors. It may be worthwhile to establish levels of sponsorship such as Gold, Silver, Bronze with appropriate recognition and plan a major fundraising launch event. Member for Keppel and Assistant Minister for Education Brittany Lauga MP could be invited to be the Fund Patron. Potential sources of donations could include:

- State Government MPs
- Local Government Councils

- Banks
- Pinefest Ambassador Quest Entrants
- Service clubs
- Aurizon
- Australia Post
- Central Queensland University
- Major local employers
- Members of Capricorn Enterprise
- Suppliers to NKIEEC including Keppel Bay Marina
- Yeppoon Market
- Yeppoon Choral Society
- Visiting School P&Cs
- Community groups that use NKIEEC
- Individual bequests

Released under RTI Act by DOE

Fundraising will be a major task and it will be necessary to establish a dedicated P&C sub-committee with committed members and service club representatives

**Motion 1:** That the NKIEEC Scholarship Fund be established to subsidise attendance by disadvantaged students.

**Motion 2:** A P& C sub-committee comprising ..... and other co-opted members be formed to initiate and plan the NKIEEC Scholarship Fund.

Released under RTI Act by DOE

**THIS GUY IS BEING HONOURED AND THIS IS JUST A BRIEF ON HIS CV**

**Suharso Monoarfa, National Development Planning Minister and member of the Presidential Advisory Council, Indonesia**

Mr Suharso Monoarfa (born 31 October 1954 in Mataram, West Nusa Tenggara) is an Indonesian entrepreneur and politician. He is currently interim-Chairman of the United Development Party (PPP). PPP is part of the ten-party coalition that supported Joko Widodo for re-election in 2019.

Mr Suharso was first elected to the House of Representatives in 2004 and re-elected in 2009. He served as the Minister for Public Housing in President Susilo Bambang Yudhoyono's second administration, from Oct 2009 to Oct 2011, when he resigned for personal reasons.

In 2015 Mr Suharso was elected by President Joko Widodo to the 9-member Presidential

Advisory Council. The role of the Council is to provide independent advice to the President. He remains a member of the Presidential Advisory Council.

In October 2019 Mr Suharso was elected to President Joko Widodo's cabinet as National Development Planning Minister and head of the National Development Planning Agency (Bappenas), with responsibility for Indonesia's \$33 billion capital relocation plan.

Mr Suharso is also acting Chairman of PPP, Indonesia's oldest Islamic party. On 15 March 2019 the former chairman, M. Romahurmuziy resigned unexpectedly, following which Mr Suharso was appointed as interim party leader.

Two issues:

1. The availability of therapy services to children of school age with disability and disorders. Has met Grace Grace's office on the same thing.
2. Waste and recycling issues in the Yeppoon Central Shopping Centre.

Please find department's advice below on the concerns [s.47(3)(b) - C] has raised with the McConnel EO:

### *Sharing of documents between Queensland Government Departments*

- Information collection and storage is governed by a range of legislation and policy within Queensland including the *Information Privacy Act 2009* (Qld) (the Act). The Act governs how Queensland Government agencies collect, store, use and disclose personal information.
- It is good practice to share relevant information between agencies; however, parents must give consent for the relevant information to be shared.
- Where students have accessed support from Queensland Health, their parents are encouraged to talk to the school about the support their child has received, and share any reports or written information they may have.
- If further information is required, the school or a Department of Education (department) employee can request that parents give them written consent to request relevant documents and information from Queensland Health.

### *More professional assistance from allied health and occupational therapists*

- The department employs speech language pathologists, occupational therapists and physiotherapists to support schools to make reasonable adjustments to enable students with disability to access and participate in education.
- In 2019, the department allocated \$33.36 million for therapy services and employed 77.3 full-time equivalent (FTE) occupational therapists and 199.9 FTE speech language pathologists.
- Schools may also use other funding provided by the department, for example Investing for Success funding to purchase additional therapy services.
- In term 3 2019, 16 schools purchased additional occupational therapy support and 383 schools purchased additional speech-language pathology support.
- All state schools can access these services as visiting services. Therapists work as part of a school team.

### *Assistance for families of students with learning disabilities*

- [s.47(3)(b) - C] has suggested a register of available assistance to help families with children who have learning disabilities.

- The department does not have a comprehensive list of all assistance available.
- The department provides funding to a number of organisations to support students with disability in schools. However, this support is usually provided at the request of the school rather than the family.
- Further information and a list of funded organisations can be found on the department's website at: <https://education.qld.gov.au/about-us/budgets-funding-grants/grants/other-organisations>.

### Speaker: Matthew Cox Director of Logan Together

Every Child CQ is pleased to invite you to attend our Annual General Meeting (AGM). We would like to share our achievements to date and launch "Connecting the Dots," our document updating the community about who we are and what we do and how we intend to continue to operate as a backbone organisation supporting the regional communities of Central Queensland.

Our guest speaker Matthew Cox will share his journey as the Chief Executive Officer of a large backbone organisation, "Logan Together", the ups and downs but most importantly what can be achieved when a community truly works together with the support of a backbone toward a common agenda.

Susan Beatty 49251888. This event has been confirmed.

- 6:00pm – 7:00pm is the formal part of the event
- **Brittany to present the School Captains' Certificates** for students in leadership roles
- 7:00pm - 8:00pm is for a student only social, however if Brittany wishes to remain and mix with some of the parents for all or part of that time, she is welcome
- A program is being prepared now, and will be provided when completed

Dear Brittany,

The Administration Team of Taranganba would like to cordially invite you to this year's Taranganba State School Year 6 Graduation and Awards Evening.

*This year's Graduation will be conducted on Thursday 12<sup>th</sup> December, commencing at 6.00pm at the Taranganba State School Hall.*

The formal part of the evening will be held in the first hour of the program. During the formal ceremony, we will be acknowledging the achievements of our student cohort and presenting some special awards. The cutting of the graduation cake will take place after the formal ceremony.

I hope that you are able to join us for this special evening in celebrating the achievements of our senior students. It would be appreciated if you could contact the school before Friday 8 November to let us know if you are able to attend.

Yours sincerely

Susan Beatty

P 4848 4600

Spoke to Millie - confirmed – Brittany is welcome to hand out the awards with Millie (Snr Transition Officer, Youth Justice)) and [s.47\(3\)\(i\)](#) (Coal Train Trainer)

A program that aims to help young people who are:

- over 15 years old
- in the youth justice system—or considered at risk of entering it.

Rockhampton Youth Justice Centre (DJAG) delivers the program in a local community setting and give young people a chance to work toward a future that isn't defined by their past.

T2S helps young people lower their risk of offending by engaging with education, training and employment.

Our Youth Justice officers work with other agencies, local businesses and community organisations to deliver the T2S program.

Transition 2 Success coordinator Nathan Kime +[s.47\(3\)\(b\) - Cd](#)

The Minister will now be in Rockhampton from the morning of Tuesday 21<sup>st</sup> January and departing in the evening at around 5pm.

The Minister will now be in Rocky **just Tuesday** now.

Here is the itinerary for Tuesday 21<sup>st</sup> January:

### **MAK – ROK**

**9.25am-10.10am**

**10.45am Drive to Yeppoon (30 min)**

**11.30am - View finished 2020 Ready project at Yeppoon SHS (\$5.5M admin block conversion) with Brittany**

**Lunch – (Brittany, would you like to join the Minister for lunch?)**

**1pm - Drive back to Rocky**

**1.45pm- Look at solar panels at North Rocky Special School with Barry**

### **ROK – BRIS**

**5pm-6.15pm**

So if possible, we would be asking Brittany to drive the Minister and Brock from Rocky airport to Yeppoon SHS, then from Yeppoon SHS to Rockhampton North Special School, and then from Rockhampton North Special School back to the airport. Would she be okay to do this?

Please find below and attached info to support Brittany's attendance at Yeppoon SHS and Rockhampton North Special School on Tuesday 21/01/20.

## **Yeppoon SHS:**

### **1. PROJECT DESCRIPTION:**

- Yeppoon State High School (SHS), located at Rawlings Street, Yeppoon, was approved for funding under the Queensland Government's \$250 million 2020 Ready program for the refurbishment of the existing administration building into learning areas and the construction of a new administration centre.

- The project will include conversion of the existing administration centre to provide for five learning areas with associated support spaces and a new administration centre with covered link access.

## 2. PROJECT SCOPE:

- The project comprises two components:
  - senior learning centre – refurbishment of the single storey administration building into a new senior learning centre. This area will have five general learning areas, a data room and a store room;
  - new administration centre – construction of a new administration centre with corporate services offices, staff offices, student services, various meeting rooms, kitchenette, store rooms and amenities; and
  - external works for the new administration centre will include the connection of the new building to the spine of the school via a new *Disability Discrimination Act 1992* compliant covered walkway.

## 3. FUNDING INFORMATION:

- The school's allocated budget to deliver the new multi-storey learning centre project is \$5,095,453 (excluding GST). The total estimated project expenditure is \$5,604,998 (including GST).

## 4. PROJECT STATUS:

- The construction contract was awarded to Hutchinson Builders on 21 December 2018.
- Construction commenced on site on 16 February 2019 with forecast completion on 21 January 2020.

## 5. JOBS SUPPORTED:

- Based on the Queensland Treasury's labour multiplier per million dollars spent, this project is estimated to support up to 17 jobs once fully completed.
- A total of 10 apprentices worked on the site over the course of the project.

## 6. CONTENTIOUS ISSUES:

- Nil.

## 7. OTHER PROJECTS:

- A project is underway to deliver the refurbishment of the tuckshop at Yeppoon SHS, under the School Infrastructure Enhancement program.
- The budget for this project is \$305,000 (excluding GST). The total estimated project expenditure is \$380,500 (including GST). This includes a contribution from the Parents and Citizens' Association of \$45,000 (excluding GST).
- The contract was awarded to QBuild on 20 December 2019.
- Construction commenced on site on 2 January 2020 with forecast completion on 21 February 2020.

## Rockhampton North Special School:

### 8. PROJECT DESCRIPTION:

- Rockhampton North Special School, located at 353-359 Dean Street, Frenchville, was approved for funding under the Advancing Clean Energy Schools (ACES) program for the implementation of solar and energy management initiatives.

### 9. PROJECT SCOPE:

- EcoSave was appointed to install the solar panels at Rockhampton North Special School and the project supported five jobs and 40 apprentice work hours throughout the life of the project.

- The project commenced with an energy audit which identified cost savings that could be achieved through the installation of 30kW solar panels. This equated to a total of 95 solar panels being installed on the roof of Block B.
- Installation of the solar panels was completed on 5 December 2019, ready for 2020.
- The system is expected to generate 29,993 kWh each year. This equates to an expected reduction of some 87 tonnes of carbon dioxide emissions each year.

#### 10. FUNDING INFORMATION:

- The school's allocated budget to deliver the ACES project is \$83,129 (excluding GST). The total estimated project expenditure is \$91,442 (including GST).

#### 11. PROJECT STATUS:

- The contract was awarded to EcoSave on 30 June 2019.

#### 12. JOBS SUPPORTED:

- Based on the Queensland Treasury's labour multiplier per million dollars spent, the \$97 million ACES program is estimated to support up to 320 jobs over the three years of the program's delivery.

#### 13. CONTENTIOUS ISSUES:

- Nil.

#### 14. OTHER PROJECTS:

- Rockhampton North Special School, under the School Subsidy Scheme, will also receive an upgrade of the quadrangle to a multi-purpose area with a new roof structure and synthetic grass and court markings at an allocated budget cost of \$363,581 (excluding GST) (\$399,939 including GST). School contribution to the project is \$91,929 (excluding GST).
- The contract was awarded to Hawley Constructions Pty Ltd on 28 November 2019 with practical completion forecast for mid-February 2020.

Please let me know if you need anything further.

Kind regards,  
Kristina.

Dear Ruth Miller,

In my capacity as your local Member of Parliament, and also as the Assistant Education Minister, it is with great pleasure that I write to explore the opportunity for me to sponsor a Special Award to one or two of your students to be presented in 2020.

I envisage the Award to recognise something other than academic and may fall into categories including, but not solely, civic duties, community service, recycling, the environment, volunteer work etc.

The sponsorship will be of monetary value to \$200, with the possibility of 2 students receiving a \$100 prize each.

I hope you see this as being a valuable addition to your school, and as an incentive to students, and as something which reflects your school's mantra.

I am open to your input and would appreciate some time later this year, or even when school resumes in 2020, to discuss this idea with you further.

Please contact my electorate officer John Schalch with your thoughts, or on 49131500.

We are inviting community and institutional leaders, and members of all relevant community groups to a meeting from 10am to 12pm on the 29<sup>th</sup> of January 2020 in Rockhampton.

Released under RTI Act by DOE

A major aim of the meeting is to discuss, layout and commit to a collective community led way forward for our community to become a community where every child has every chance to reach their full potential.

We will provide more detail outlining our partnerships, process and venue early in 2020.

The meeting will be followed by a light lunch and a chance to catch up.

From 12.30pm to 4pm on this day we will also be co-hosting with Collaboration for Impact and PricewaterhouseCoopers Indigenous Consulting an information session on collective impact, for those interested in staying on.

Kind regards,  
Susie

Good afternoon,

This Friday, we are holding our Year 6 Badge Ceremony at 9am. I realise this is very short notice, but I was hoping if Brittany was available we would love her to be the special guest at our parade. The parade will be finished by 9.45am at the latest.

Kind Regards,

**Lisa Wogand**  
Principal

**Subject:** JS Principal Miller re school scholarship  
**Location:** Yeppoon State High School

**Start:** Fri 14/02/2020 2:30 PM  
**End:** Fri 14/02/2020 3:30 PM

**Recurrence:** (none)

**Organizer:** Keppel Electorate Office

Dear Ruth Miller,

In my capacity as your local Member of Parliament, and also as the Assistant Education Minister, it is with great pleasure that I write to explore the opportunity for me to sponsor a Special Award to one or two of your students to be presented in 2020.

I envisage the Award to recognise something other than academic and may fall into categories including, but not solely, civic duties, community service, recycling, the environment, volunteer work etc.

The sponsorship will be of monetary value to \$200, with the possibility of 2 students receiving a \$100 prize each.

I hope you see this as being a valuable addition to your school, and as an incentive to students, and as something which reflects your school's mantra.

I am open to your input and would appreciate some time later this year, or even when school resumes in 2020, to discuss this idea with you further.

Please contact my electorate officer John Schalch with your thoughts, or on 49131500.

**Brittany Lauga MP**  
Member for Keppel  
Assistant Minister for Education
